PEACE NOT IN SIGHT.

Boers Making Effective Demonstrations of Fighting Force.

FRESH ENGAGEMENTS REPORTED.

British Garrison in Cape Colony Captured, But Later the Invaders are Pushed Back—Progress of the War.

London, June 5.—Military men were not surprised when the official story of the battle of Vlakfontein came out yesterday. They had suspected, from the heavy British losses, that the Boer attack was a surprise, but had not guessed that the rear guard of Dixon's force had been rushed and two guns temporarily captured before the main body could be rallied for their recovery. This engagement occurred further west than was at first reported, and communications with Pretoria were interrupted. Delarey fought with desperate energy, and was repulsed after he had secured important advantages. Clearly the war has not yet reached the peace stage. The Boers proved once more that they could plan a battle with skill, and, while they were driven off, they made an effective demonstration of fighting force, which would seem to put an end to all rumors of peace negotiations.

General Kitchener cables the war office that he has placed General French in charge of operations in Cape Colony.

British Garrison Captured.

Cape Town, June 5.—The garrison of Jamestown, Cape Colony, which surrendered to Kritzinger's command, June 2, numbered 60 men in all. Kritzinger's force is estimated to have totaled 1,000 men. The British killed 12 and wounded 15 Boers before they were overpowered by numbers.

Boers Pushed Back.

Allwal North, Cape Colony, June 5.—Colonel White's column came in contact with Kritzinger's command northeast of Jamestown, June 3, drove the Boers back, captured 50 horses and mulets, and recovered the stores looted from Jamestown.

Bucketshops Regulated.

New York, June 5.—According to Charles H. Treat, collector of internal revenue for the Second district, more than 100 bucketshops have been driven out of business by the restrictions imposed upon them in the amended war revenue bill which passed last March, while those that still exist in the city have changed their methods of business so as to observe the letter if not the spirit of the law. Mr. Treat's office made a list of all the bucketshop proprietors in the city and submitted it to the officers of the several exchanges for verification. In this way the list was made as free from error as possible.

McKinley Can Not Attend.

Washington, June 5.—The president will not be able to be at the Pan exposition at Buffalo, June 13, which was designated as President's day. After the abandonment of the northwestern portion of the presidential tour the improvement of Mrs. McKinley's condition inspired the managers of the exposition to hope that the president would be able to keep his engagement at Buffalo, but since returning to Washington Mrs. McKinley's condition has been so dangerous that it is considered idle to speculate upon the possibility of his leaving her for 48 hours.

Claim to Be Solved.

Cleveland, June 5.—Meekle Bros. & Company, piano dealers, for whom a receiver was asked on Monday by the Produce Exchange National bank, deny that they are insolvent. Their attorneys stated that the firm can pay every dollar it owes, and does not owe the sum of money claimed by the bank. They charges that the suit for a receiver was not brought in good faith. The bank did not appear in court to further its request for a receiver, and the firm is doing business as usual.

Injunction Dissolved.

New York, June 5.—Judge Lacombe, in the United States circuit court, handed down a decision in the suit of George D. Mumford and St. Georges Lane Fox Pitt against the Ecuador Development company, dissolving a temporary restraining order issued last Monday. The court will hear arguments on the question of an injunction to prevent the issuing of debenture bonds by the defendant company on Friday next.

Struck by a Tornado.

Prentice, Wis., June 5.—A tornado struck this place, fences and telegraph poles were razed, and the Swedish church and a store were demolished. Many dwellings were damaged, and the property loss will be very heavy.

AMERICAN HORSE WON.

Whitney's Colt Finished First in the Great English Derby.

London, June 5.—The widespread interest in this year's derby, owing to the open character of the race, was testified to by the vast numbers that left London for Epsom Downs. From an early hour the roads and railroads southward were densely thronged with a strange medley of racegoers. The greatest crowd in years was present. There were 25 starters. The conditions of the race were as follows: The derby stakes of 6,000 sovereigns, by subscription of 50 sovereigns each; for 3-year-olds; the nominator of the winner to receive 500 sovereigns, the owner of the second 300, and the owner of the third 200 sovereigns out of the stakes; about one mile and a half. There were 279 subscribers. The result in detail was as follows: William C. Whitney's brown colt Volodyovski (L. Reiff), Florize 11-La Reine, first; the Duke of Portland's bay colt William the Third, St. Simon-Gravity, second; Douglass Baldr's chestnut colt Veronez, Donovan-Malze, third.

Volodyovski won in record time, 2 minutes 40 4-5 seconds, leading by one-quarter of a length.

Lutheran Schools.

Des Moines, June 5.—The general synod of the Evangelical Lutheran church devoted the day to discussion of the eighth annual report of the board of education. The report showed that the total number of students registered in 1899-1900 was 156, and in 1900-1901 86. The percentage of professing Christians among them was 60. The amount received for the work has increased from \$8,700 in 1899 to \$26,993 in 1901. For this constant growth in the support the board was grateful, and it was stated that the schools have in them the promise of a larger growth. The limitation occasioned by the payment of so small a part of the apportionment was regretted.

Gave Freely to Churches.

Chicago, June 5.—Edwin Kimball, noted for his long service in paying off church debts, and who is credited with having converted Dwight L. Moody, is dying at the home of his son, Dr. R. H. Kimball, in this city. Mr. Kimball is 75 years of age. His work on behalf of debt-laden churches began in 1877 when he was a member of a furniture firm in Chicago. Two years later he retired from business to devote all his time and energy to church aid, and since then he has procured funds to pay \$15,000,000 of church indebtedness.

Opposition Encountered.

Pasig, Province of Manilla, P. I., June 5.—The United States Philippine commission has encountered warm opposition to the proposal to combine the provinces of Morong and Manilla. The majority of the Morong delegates hold that the population of that province entitles them to a separate government. Some of the delegates from both provinces desire annexation. The commissioners have deferred the creation of the proposed new province.

ACCEPTED

Will Be Tillman's Resignation If He Desires to Withdraw.

Columbia, S. C., June 5.—Decidedly the warmest outcropping of the senatorial row is the letter from Governor McSweeney to Senator Tillman. The governor declares to Tillman that if he wants to resign, his withdrawal from the senate will be immediately accepted. The governor further declares: "I alone am responsible for my reply, and will give an account for the course I have taken to the people who have honored me, and not to any one individual. In this matter I have done what I thought best calculated to promote the prosperity and contentment of the people of my state, and shall continue to do so, regardless of what any one man may say or think of my course."

Cash Register Muddle Adjusted.

Dayton, O., June 5.—The labor unions in joint session have voted to accept the terms proposed by President Patterson of the National Cash Register company in settlement of the labor troubles at that factory. The company agreed to take back the old force excepting the four men whose discharge caused the trouble. The plant has been closed four weeks and 2,500 men were thrown out of work. The plant will resume possibly as early as next Monday.

Pauncefote Sails.

New York, June 5.—Lord Pauncefote, British ambassador to the United States, sailed on the steamship St. Louis for Southampton. He is returning to England for a rest, and expects to be gone until early in October. "I look forward to this trip with interest," said the diplomat, "as I shall meet King Edward for the first time since he became King. I shall go direct to London, and after that my plans are uncertain."

MAY BE TURNED DOWN

Cuban Convention Again to Tackle the Platt Amendment.

ITS DEFEAT SCENTED AT HAVANA.

Impression There That It Will Be Impossible to Effect the Acceptance of the Provision a Second Time.

Havana, June 5.—There is a strong impression here that it will be impossible to effect the acceptance of the Platt amendment a second time. A secret session of the constitutional convention has been called for Thursday to take action concerning the form of the resolution adding to the Cuban constitution the Platt provision with the understanding that it means what the Washington commission reported that Secretary Root said it means. Several delegates attribute the attitude of the government to the decision of the supreme court in the insular cases, and suppose that the desire of the Washington government is to exercise a more direct power over Cuba than the Platt amendment contemplates.

Porto Rican Arrested.

San Juan, Porto Rico, June 5.—Louis Moret Munoz, a relative of the former president of the Federal party, Louis Munoz Rivera, was arrested here on the arrival of the transport McClellan from New York, and is under detention at the residence of the chief of police. Munoz says he received a package in Caracas to deliver to General Uribe, the insurgent leader, who is now in New York city, but that he left the package with the purser of the steamer, not being aware of its value. He thinks the consignee called after he had started on his return to Porto Rico, and having found that he had gone, notified Captain Titus of the New York police instead of making inquiry of the purser. The steamer Philadelphia is due here, and Munoz hopes to find the package and clear himself of the charge.

Powder Magazine on Fire.

Vallejo, Cal., June 5.—A magazine at the Mare Island navy yard, containing about 30 tons of smokeless powder, ignited by chemical action. The powder did not explode, but generated enough gas and smoke to force the top off the magazine. The powder is now slowly burning up. It is far removed from the black powder, and there is no danger of an explosion. The magazine is a fine one, constructed of brick, in 1857, at a cost of several hundred thousand dollars. It will be a total loss. The magazine is located on the end of the island, away from all the other buildings. The officials at the naval station are busy directing the fighting of the fire, taking precautions against possible danger, but will give out no information.

Great Legal Battle.

Kansas City, June 5.—The trial of Lulu-Prince Kennedy for the murder of her husband, Phillip H. Kennedy, was resumed in the criminal court, and it is evident the case will resolve itself into a legal battle. The defense, according to the statements of Mrs. Kennedy's attorneys, will work for instructions from Judge Wofford that the jury must find the prisoner guilty of murder in the first degree and assess capital punishment or acquit her. Prosecutor Hadley will, on the other hand, plead for instructions for guilt in a lesser degree, making possible a short jail or penitentiary sentence.

Thrown Out of Court.

Pittsburg, June 5.—The suit of Catherine Davis, better known as Kitte Hustleton, against Nixon & Zimmerman, proprietors of the Alvin theater, for a share of the estate of the actor Charles F. Davis (Alvin Joslyn), whose widow she claimed to be, was thrown out of court, the court ruling that the suit should properly have been brought in the orphan's court, no attempt having been made to break the will. The case will be carried to the supreme court.

Officers of Suffragists.

Minneapolis, June 5.—The election of officers of the female suffragists resulted: Mrs. Carrie Chapman Catt, president; Rev. Anna Howard Shaw, vice president at large; Miss Kate Gordon, corresponding secretary; Miss Alice Stone Blackwell, recording secretary; Mrs. Harriet Taylor Upton, treasurer; Miss Laura Clay, first auditor; Dr. Cora Smith Eaton, second auditor.

Irish Farmers' Demands.

Belfast, June 5.—A convention of 4,000 tenant farmers of Ulster passed a resolution in favor of the compulsory sale of land after Thomas W. Russell, M. P. (parliamentary secretary of the local government board), had made a speech denouncing the system of dual ownership.

STANLEY A FREE MAN.

Coroner Finds That Father Phillips Was Not Poisoned.

New York, June 5.—The report of George A. Ferguson, an analytical chemist, who made an examination of the stomach of the Rev. E. S. Phillips of Hazleton, Pa., who was found dead in the apartment of "Dr." Kirk Stanley three weeks ago, shows that Father Phillips was not poisoned.

As soon as Stanley was arraigned Coroner Baisch said that his hope to hear that the dead priest was not poisoned had been realized, and it gave him much pleasure to release Stanley from custody. He said the shadow had been removed from over Stanley and he could now go his way. He declared the man discharged. Stanley shook hands with the coroner, his counsel and the district attorney and witnesses, and left the courthouse.

San Francisco Strike.

San Francisco, June 5.—The prospect for settling the machinists' strike is poorer today than it has been any day since May 20. During the past few days employers refuse to listen to terms, overtures, or even arbitration. In explaining the attitude of the employers toward the strikers the bosses say that in view of the forthcoming convention of the Metal Trades Association of America, which is to convene at New York June 11, it would be folly for a small number of employers on the Pacific coast to make rates or terms without knowing what the east is going to do about it.

New Suffrage Scheme.

Montgomery, Ala., June 5.—A new suffrage scheme introduced in the constitutional convention by Mr. Banks of Russell county would, if adopted, disqualify all criminals, all who commit fraud in any election or primary, or who have abandoned wives or children. Two ballots are provided, one white and one colored. Those qualified to mark their own tickets shall be supplied with white ballots. Others, except old soldiers and their descendants, shall have a colored ballot, and a marker of their ballot shall count for only one-fourth of a vote.

Bank Cashier Suicides.

Sag Harbor, N. Y., June 5.—Edgar C. Wade, cashier of the Sag Harbor Savings bank, shot and instantly killed himself at his home in this village. Mr. Wade arose early to see his wife away on a westbound train. A short while after bidding her goodby a servant heard a shot in his bedroom, and when she went up to investigate found the cashier lying dead upon the floor with a bullet in his temple. It is feared his accounts may be short and a small run on the bank has resulted.

The Crippled Constitution.

Newport, R. I., June 5.—The yacht Constitution, in tow, left the harbor for the Herreshoff's works at Bristol to undergo repairs of the damage done by the collapse of her steel mast while on a trial spin outside the harbor. Considerable rigging trailed over the port rail as the Constitution started up the bay, and the big steel boom gave her a decided list to port.

Jeffries and Ruhlin.

Los Angeles, June 5.—James J. Jeffries in the course of an interview said: "I will fight Gus Ruhlin in San Francisco as soon as suitable arrangements can be made. I have had some trouble with my left arm, but it is as good as ever now, and you may be sure I would not take any chances unless I felt sure I was perfectly strong again."

Distressing Fatality.

Loudonville, O., June 5.—The country home of Attorney Philpot Cowan, four miles west of this place, was the scene of a sad accident. While two of the Cowan children were playing with a shotgun, Joseph, 9, leveled the weapon at his 3-year-old sister, when the gun was accidentally discharged, killing the little girl instantly.

Iron Workers' Scale.

Milwaukee, June 5.—The Amalgamated Association of Iron, Tin and Steel Workers' convention adopted by a *viva voce* vote the recommendation contained in the wage committee's report for a continuous scale. The details of the plan remain to be considered.

Battleship Illinois.

Newport News, Va., June 5.—It was stated at the Newport News shipyard that the new battleship Illinois would leave Saturday morning for Boston to go on her official trial trip off the New England coast on June 13. Despite the machinists' strike, Superintendent Post asserts that he will have a picked crew ready to take the ship out.

Chaffee at Manilla.

Manilla, June 5.—General Chaffee and staff and two companies of the Ninth infantry arrived here on the United States transport Sumner from Taku. The general was received with a major general's salute. General Chaffee will be Major General MacArthur's guest at Malacanang palace.

GRIM DAYS FOR SPAIN.

Spread of Revolutionary Movements Threatens the Government.

THRONE MUST ACT WITH ENERGY.

Detroit Officers Held by the Military, and Strikes and Anarchist Extremists Wage War—Foreign Intelligence.

Madrid, June 5.—The situation throughout Spain remains critical. Nominal tranquillity has been restored at Corunna, but the octroi offices are still occupied by gendarmes and arrests continue to be made. A general strike is threatened owing to the refusal of one factory to employ 300 workmen. The railwaymen have struck at Vigo, and an anarchist excitement is ripe in Barcelona, where the "reds" met in defiance of the civil governor's prohibition and passed secret resolutions. Senor Gomez, leader of the Dissident Liberals, in an interview, characterized the crisis as an exceedingly grave moment for Spain, adding, "The government must act with great energy with regard to the Catalonian and Separatist movement to prevent the evil from being irretrievable."

Did Not Race.

London, June 5.—The Teutonic arrived at Queenstown, and it was a surprise to her officers and passengers when they heard it reported that she had been racing with the American line steamer St. Paul, which left New York the same day as the Teutonic. Captain McKinstry declared that the stories of the alleged race between the two steamers was "all moonshine."

Brought the Sultan to Time.

Constantinople, June 5.—The French embassy is being facilitated by the officials of the other embassies for securing the settlement of its Armenian massacre claims. The port, June 4, paid over £20,000, the balance of the compensation demanded for French losses.

Injured by an Avalanche.

Chamonix, France, June 5.—Mr. and Mrs. Guild of Boston, who, with their guide, were injured by an avalanche at the glacier near the Grands Mulets of the Mont Blanc range, are progressing well and no anxiety is felt regarding them.

Forbidden City Burned.

Peking, June 5.—A great conflagration has occurred in the Forbidden City. The Americans and Japanese are barring all access to the quarter involved, and details are, therefore, not obtainable.

Cortes Dissolved.

Lisbon, June 5.—The cortes were dissolved by royal decree. Elections will be held in October and the cortes will reassemble Jan. 2, 1902.

SENATOR CARMACK, of Tennessee, is out in an interview in the Memphis Appeal severely criticising not only the recent decisions of the U. S. Supreme Court in the insular cases, but also the members of the court. "The decisions," says Carmack, "do not seem to have satisfied everybody. I see some friends of the administration are demanding re-argument of the cases in order to have the opinion of the court modified in certain particulars. If the administration really wants it modified I have no doubt it will be modified in accordance with its desires. The court evidently started out with a fixed purpose of making the opinion of the court accord with the policy of the administration."

Carmack declares the court guilty of "sophistry and intellectual juggling," and continues:

"Nobody, even those who were most confident in their opinion that the government is limited in its taxing power by the Constitution in territories as well as in States, had any doubt that the Supreme Court would decide otherwise."

MORE EVIDENCE.

It is Coming in Rapidly in Maysville.

Evidence on the following subject will prove of interest to every Maysville reader. So many people go through the same experience daily. This statement should be proof positive to every wavering doubter. Read it carefully:

Mrs. W. R. Woodward, residing at West End near Pogue's distillery, says: "Pains in the back and other evidences of a disturbed condition of the kidneys were quickly and thoroughly cured by the use of Doan's Kidney Pills which I got at J. Jas. Wood & Son's drugstore, corner of West Second and Market streets. There is no reason why ladies should suffer from backache and kindred troubles when such a reliable and effective preparation can be had."

Charles A. Osborne and Miss Florence Stone, of Nicholas County, were married here this morning.

DUDLEY-LINDSAY.

One of Mason's Lovely Daughters Wedded to a Worthy Son of Fleming.

The M. E. Church, South, the Scene of a Beautiful Nuptial Affair Wednesday Afternoon.

The marriage of Miss Lucy Dudley Lindsay to Mr. Henry B. Dudley was solemnized at the M. E. Church, South, Wednesday afternoon at 2:15 o'clock, the pastor, Rev. Dr. W. F. Taylor, pronouncing the simple but impressive ceremony that united the twain in the sacred bonds of wedlock.

There has been a more beautiful nuptial affair been witnessed in Maysville. A wealth of flowers and vines and plants had been used in the decorations, the altar railing presenting a mass of green, with bunches of large white peonies artistically displayed here and there. Behind the railing were palms and other potted plants in profusion, with a mass of roses in front of the choir recess, the whole forming a beautiful background to the pretty picture formed by the bridal party as the ceremony was pronounced.

Miss Moore, pianist, and Prof. Bullett, violinist, furnished the wedding music. The bridal party approached the altar to the familiar strains of Lohengrin. First came an usher down each aisle, followed by the bridesmaid, Miss Nannie Willett and Miss Mamie Cook, these in turn being followed by the remaining ushers, each crossing in front of the altar and taking a position on the side opposite to that on which they entered. Following the last usher down the west aisle came the bride, accompanied by her sister Miss Eliza Lee Lindsay, the maid of honor. The groom entered from the pastor's study in the rear, accompanied by his best man, Dr. David King, and preceded by the officiating minister.

The contracting parties met in front of the altar, and stood facing the audience with the maid of honor and best man behind them as the ceremony was pronounced. After the ceremony the party passed out to the joyful strains of Mendelssohn.

The bride's gown was white silk trimmed with white satin, with Valenciennes insertion. The maid of honor wore a gown of white Persian mull, trimmed with satin ribbons and insertion. The bridesmaids were gowned in white organdy, trimmed with satin ribbons. The bride carried Bride roses, the maid of honor and bridesmaids white carnations.

The bride is a daughter of Mr. Richard A. Lindsey, of Lewisburg, one of the county's substantial and most highly esteemed citizens. She is a niece of Mr. W. W. Ball, cashier of the First National Bank, and is numbered among Mason's lovable and popular young ladies.

The groom is a son of Mr. James Dudley, of Flemingsburg, and is engaged in business at that place as a clothing merchant.

The couple left on the 3:20 train and will visit the Pan-American Exposition at Buffalo on their bridal trip.

The ushers were Messrs. John Harbeson and John Scrugge, of Fleming, Will Lindey, of Sharpsburg, and C. Porter Skinner, of this city.

Sunday Base Ball Excursion June 9th, Cincinnati and Return \$1.

On Sunday, June 9th, the C. and O. will run a special excursion train, leaving Maysville at 6:30 a. m. Returning, leaving Cincinnati at 9:15 p. m. New York vs. Cincinnati on this date. Chester Park, Zoo, Lagoon and Coney Island are now open for the season.

To the Public.

I wish to say to the people of Maysville that I did not write or authorize the recent article published in a Lexington paper in which I was placed in the attitude of reflecting on Chief of Police Donovan and my attorney, Mr. John L. Whitaker.

W. W. BAXTER.

Capt. Oscar Barrett, of Dayton, has been elected a trustee of Georgetown College.

Dr. Taulbee was called to Mt. Sterling this morning on professional business. He will return Friday night.

Dr. R. M. Skinner was elected one of the representatives from Maple Lodge K. of P., of Flemingsburg, to the Grand Lodge meeting.

The Ladies' Aid Society of the Central Presbyterian Church will give a strawberry supper this (Thursday) evening at Dr. Molloy's home.

The salary of the postmaster at Carlisle has been increased from \$1,400 to \$1,500 a year. The salary at Danville was increased from \$2,100 to \$2,200.

Dr. Minnie Dunlap, of Louisville, has arrived at Lexington and has assumed her duties as third assistant physician at the Eastern Kentucky Lunatic Asylum.

Elder I. J. Spencer has declined the call from the West Side Church of Chicago and will continue in charge of the Central Christian Church of Lexington, at a salary of \$2,800.

The gold ring advertised in yesterday's BULLETIN was called for by Master George Diener in less than an hour after the paper was issued, and yet some people think it does not pay to advertise.

At Georgetown, O., Anna Purdum was given a divorce from her husband, Clarence Purdum. They were married December 29th, 1899, and the husband shortly afterward skipped for parts unknown.

Miss Christine Armstrong, eldest daughter of Mr. and Mrs. Blair Armstrong, of Walnut Hills, Cincinnati, graduated a few days ago from the Thane Miller's school on Mt. Auburn. She is a relative of Mr. Wm. McClelland, of this county.

Harrison Bros. Minstrels will exhibit here at Cooper's brickyard, corner Union and Second streets, Friday, June 7th, afternoon and night. A feature of the parade at noon is the cake walk given on the street. The street cars will take you right to the grounds.

Miss Edith Ballenger, bookkeeper for the Singer Manufacturing Company in this city, will on Monday next accept a position as saleslady at Barkley's Cash Shoe House, and will be glad to have her friends call. Miss Mattie Orr will succeed her at the Singer office.

Maysville was selected as the meeting place for the State convention of Woman's Foreign Missionary Society Kentucky Conference, M. E. Church, South, May, 1901. At the recent meeting at Frankfort Mrs. Hallie Hildreth Cole was chosen to succeed Mrs. Eva Dunham as Secretary.

The decision of the Court of Appeals that city councils have no right or power to make compromise settlement of taxes will cause trouble in Bell County. There is scarcely a corporation doing business in Bell that has not made such a settlement, and in Middlesboro thousands of dollars are involved.

The new three cent piece to be issued by the government has been styled the "doughnut coin" by reason of the fact that the piece is to have a hole in the center. This innovation in the coinage of Uncle Sam's money was deemed necessary from the fact that the new coin is the exact size and of the same material as the present five cent piece.

Miss Cresse Tamme, aged fifteen years, daughter of Mr. and Mrs. Albin Tamme, formerly residents of Ripley, but now of Cincinnati, tried to commit suicide one night this week by attempting to jump from the Suspension bridge, and was only prevented by a policeman catching her and sending her home. This was her second attempt.

Suit for divorce has been filed in the Bourbon Circuit Court by Mrs. Gertrude Thompson against Drake Thompson. The parties are members of prominent families, Mrs. Thompson being a granddaughter of G. G. White, a distiller, and her husband a brother of the Hon. Albert S. Thompson, the Democratic nominee for Representative from Bourbon County.

Mr. Grandison Pinckard Kirk, a native of Germantown, but for many years a resident of Cincinnati, died at the home of his sister, Mrs. Gray, in Covington, last Sunday, aged sixty-five years. He was a nephew of the late Mr. V. O. Pinckard, at one time a merchant of this city, and served through the war in the Confederate army. His remains were buried at Covington Tuesday.

Didn't Marry for Money.

The Boston man, who lately married a sickly rich young woman, is happy now, for he got Dr. King's New Life Pills, which restored her to perfect health. Infallible for jaundice, biliousness, malaria, fever and ague and all liver and stomach troubles. Gentle, but effective. Only 25c. at J. Jas. Wood & Son's drug store.

WE SELL

P. N. CORSETS!

Do you know what they are? The Corsets of comfort and style. The only corsets that will not—because they cannot—stretch. They're built that way. The test of time has convinced us that what the manufacturers long ago claimed is absolutely true. These corsets cannot stretch. Because of the property shaped and carefully shrunken material which enter into their make up it is an utter impossibility. Three qualities—\$1, \$1.25, \$1.50.

ANOTHER IMPORTANT POINT!

Get the right size. Nature gives most women beautiful figures which they promptly ruin with poor corsets. Get a corset that fits and pay enough to get a good one. Too small a corset destroys symmetry—too large a corset is just as bad. In either case no point of the corset strikes you where it should. An able saleswoman has charge of our corset section—she has studied the question and can help you to determine the style and size best adapted to your figure. Consult her.

DESTRUCTIVE STORM.

The Little Village of Ellsberry Damaged by the Water From Three Mile Creek—Heavy Rainfall.

This section was visited by a destructive rainstorm last evening, the down-fall being accompanied by a vivid electric display at intervals.

It was 4:35 o'clock when the rain began falling. The first shower did not amount to very much, but it was simply the forerunner of a destructive downpour that set in shortly after 5 o'clock, amounting almost to a cloudburst. Just preceding this heavy rain it became so dark that gas and electricity had to be turned on in the homes and stores. Between 4:35 and 6 o'clock the rainfall amounted to 1.03 inches, and most of this fell in half an hour. Heavy showers followed at intervals through the night, the total precipitation up to 7 o'clock this morning reaching 2.39 inches.

North of Aberdeen the storm was heavier than at this point. Three Mile Creek was out of its banks, and at the little village of Ellsberry great damage is reported. The town was flooded, and nearly all the residents had to seek safety on the hills. Some houses were washed away and others damaged. Reports also state that many bridges in that section and in other portions of the country were washed away. A lot of cattle and other live stock were also carried off by the streams that overflowed the bottoms.

In this county considerable damage was done to crops by the washing rains.

The heavy rain caused a washout on the C. and O. between Concord and Vanceburg, and No. 4, the eastbound train last night, had to go by way of Paris

and Winchester. Repairs have been completed sufficiently to allow trains to get over the washout, No. 1 being delayed only an hour or so this morning.

Ice cream soda at Chenoweth's.

During the storm last evening, lightning struck the home of Mr. Charles H. Parry near Helena, badly shocking all the members of the family. One of the chimneys was demolished. Mr. Parry's father, ex-Circuit Clerk Ben D. Parry, was standing in the yard at the time, near a wire fence, and was knocked down by the force of the current. Aside from the severe shock the family were not injured.

River News.

The new Greyhound promises to be even faster than anticipated.

"The past month," says Captain J. F. Ellison, of the Pittsburg and Cincinnati Packet Line, "was the largest May we ever had in the number of passengers carried."

The many friends of Captain George Hamilton, pilot of the Courier, are in sympathy with him and his wife in the loss of their fifteen-year-old son who was accidentally shot and killed by a youthful companion in Gallipolis on Thursday.

A meeting will be held in Cincinnati, June 12, of delegates of all the important river cities between Pittsburg and New Orleans, to take preliminary action for the formation of the new River Congress. The conference will set the place for holding the congress, the date and make all other arrangements. Delegates will be present from Louisville, Pittsburg, St. Louis, Maysville, Pomeroy, Huntington and several other cities.

Frank C. Stout, of Cincinnati, and Miss Lucie E. Landmeier, of Gallipolis, were married here Wednesday by Elder Howard T. Cree. The groom is a member of the U. S. Engineering Corps.

He Is a Wonder.
All who see Mr. C. F. Collier, of Cherokee, Iowa, as he is now, cheerful, erect, vigorous, without an ache, could hardly believe he is the same man who, a short time ago, had to sit in a chair, propped up by cushions, suffering intensely from an aching back, in agony if he tried to stoop—all caused by chronic kidney trouble, that no medicine helped until he used Electric Bitters and was wholly cured by three bottles. Positively cures backache, nervousness, loss of appetite, all kidney troubles. Only 50c, at J. Jas. Wood & Son's drug store.

KENTUCKY'S OIL FIELD.

Prospects For Good Yield in Lewis, Fleming, Rowan and Bath Counties.

Writing to the Courier-Journal from Morehead of the outlook of the oil industry in Eastern Kentucky and especially in Lewis, Bath, Fleming and Rowan counties, where he has recently been making a tour of investigation, Mr. R. S. Triplett, of Owensboro, says:

It has been thought for thirty years that portions of these counties were strictly oil-producing. So far as Lewis is concerned this has been satisfactorily proved by actual well-boring and proper tests.

Recently a few citizens of Morehead, in connection with a Pennsylvania and a West Virginia capitalist, have been sinking wells in Rowan and Bath counties for oil. They have met with success and have completed ten wells partly in Rowan, and partly in Bath, on the south bank, directly opposite the Rowan wells. Every well has proved a producer and four of them have been shot. None of them was a gusher. All down as pumping wells. With one exception they have been plugged for the present for want of tanks. These are rapidly being provided and six thousand barrel tanks are now at one well and being filled by the use of a steam pump. Derricks are up and machinery being placed in order for boring other wells.

The well now being primed will flow sixteen barrels an hour, or 160 barrels a day, or 1,120 barrels a day for the seven wells. Mr. R. C. Morgan, of Parkersburg, who is at the head of affairs, is very modest in his claim of the yield and puts it at seventy-five barrels for a daily output.

The oil is black and strikes have been at a uniform depth of 350 feet in a soft, gray stone.

The wells are located in a valley surrounded by hills of an elevation of three or four hundred feet. These wells can be reached by a nine-mile drive from Morehead, or by leaving the C. and O. train at Salt Lick and taking the narrow gauge lumber road for a seven-mile trip direct to the wells.

Mrs. Mary Blanton, wife of Rev. L. H. Blanton, Chancellor of Central University, has been suffering from Bright's disease the past two weeks and grave fears are entertained for her recovery.

Women Who Work

Nine out of ten women are afflicted with some of the common ailments known as female diseases. Among women whose employment requires them to stand on their feet or sit in the same position all day, not one in twenty-five escape these troubles. The average feminine constitution cannot, unaided, withstand the strain to which steady, trying work subjects them. The organs of womanhood are so delicate and finely adjusted that the inevitable result of constant standing, lifting, stooping or straining is displacement of vital parts. The disorder is usually slight at first, but soon develops into irregular or painful menstruation, leucorrhœa or falling of the womb. Wine of Cardui is the right remedy for female weakness. As such it is offered to you. Wine of Cardui will not perform miracles, but it will, if taken as directed, insure painless and regular operation of the menstrual function. It will drive out every trace of leucorrhœa, and will strengthen the ligaments that falling of the womb will be an impossibility. Don't you think it would pay you to try a medicine with such a record as that? You can get a \$1 bottle of Wine of Cardui at any drug store and use it in the privacy of your home.

WINE OF CARDUI

Townsend, Ga., May 18, 1899.

I have been in bad health with falling of the womb, weak back, nervousness and heart palpitation. At monthly periods I would be in bed suffering great pain. Lately I have been taking Wine of Cardui and Thedford's Black-Draught, and they have brought me wonderful relief. I have no pain, and do not stop work at the monthly period.
